An Age of Angels

Written & Performed by Mark Soper

A HOLLYWOOD WHODUNNIT

An Age of Angels is a series of ten taut stories relating to a single event seen through the eyes of ten extraordinary people.

Driving through the Hollywood smog, incubated in naugahide luxury, the self obsessed Studio Exec ponders his lot, wondering who he has to screw today to get his way.

The stalker cum child-molester, aware of his dreadful foibles, yet unable to kerb them, craves the affection of a teenage freak-queen who's clocked his interest but loves the attention; The hyper-IQ'd geek-dweeb good at only two things; the desperate trailer-trashy paper man perched on the edge of sanity; the street cop, the bully, the alien... the vision... the end.

Brilliant, award winning LA writer, actor & director – **Mark Soper**, famed for roles in *Knot's Landing*, and *Sweet Bird Of Youth* (opposite **Lauren Bacall**) directed by Ines Wurth - the team behind *I Miss Communism* ('05 & '06)- brings the ten La La Land characters to disturbing life in a powerful, provoking, philosophical tale about mass-murder.

This is multi-character storytelling at its finest.

IMC productions are also producing Mark Soper's *CHANGE* at Assembly - Hill Street.

ASSEMBLY @ GEORGE ST, DRAWING ROOM – 17:15 (18:35)
